

Bridal Suite

Welcome to Bridgewater Estate Bridal Suite.

www.bridgewaterestate.co.nz

So much to remember....

So you have decided to get ready in the Bridal Suite....good choice!

We know that there is so much to remember leading up to your day so thought instead of overwhelming you with information that will be hard to remember, we would share with you information on the Bridal Suite and how it will work so it is easy to reference the day of your wedding (or the day before)

Within this booklet you will find information on how the day will run while you are getting ready, as well as covering off any questions you may have.

If something is not mentioned here, please do not hesitate to reach out to Justin on 0274 798 107 and we will be only too happy to help.

On Arrival

Once you have arrived on site, feel free to drive down the driveway, past the 'residents only' sign.

Park the car, empty out what you need and then move the car back to the carpark. Please do not leave your car parked down the drive as we need clear access throughout the day

Once unpacked, make yourself at home. No need to 'check in' although at some point we will come and say hello and see how you are feeling.

If you require WIFI while in the bridal suite - the WIFI details are:

Bridgewater

Hours of Use

HOW LONG CAN I USE THIS BRIDAL SUITE FOR?

We will open the bridal suite at an agreed time of arrival. This is usually around 10.00am unless arranged earlier

Once the Bridal Party leaves for the ceremony, our staff enter and do a full clean of the suite before locking up for the day.

No further use is allowed, unless arranged prior.

WHAT DO WE DO WITH ALL OUR BELONGINGS?

Before you leave for the ceremony, try and arrange someone from the bridal party or a family member to help collect your belongings and place them in a car before leaving for your ceremony.

If you have run out of time prior to the ceremony, our staff will pack up your belongings and relocate them to a safe location in the reception area.

If you (the Bride) are staying on site and have an overnight bag with you, please instruct someone from your bridal party or a member of Bridgewater to deliver your bag to the chalet before the ceremony starts so that those items stay away from all the other belongings.

During your day

During the morning, we will be setting up either the ceremony location or reception space. Feel free to have a walk around and take it all in before the guests arrive. We should be finished setting up, as much as we can, by midday.

While in the Bridal Suite, the bathrooms that you will be using are over in the Staff Room. Look for the sign "Staff Only" across from the Bridal Suite. The bathrooms are in the back right corner.

If you are here on a really hot day, we do have air conditioning available in the bridal suite. To use, please text Justin (0274 798 107) and we can turn it on. It only works well if the doors and windows stay shut.

Items Offered

To help make your day go smoothly, the Bridal Suite is stocked with some items you may require throughout your day. It is a self serve room so feel free to bring snacks and drinks for your day preparation
